A BUSINESS BUILT ON CHARACTER

Decreasing Your E&O Exposure

KEEPING YOU AS COVERED AS YOUR CLIENTS.

All we do at Ethos Insurance Partners is professional lines for the healthcare industry. So we know just as much about protecting you as we do about protecting your clients. The healthcare professional liability market is complicated and constantly changing. The last thing you need to worry about is an inexperienced or ill-equipped wholesaler making mistakes when placing your insureds' policies.

WATCHING THE HORIZON.

As healthcare specialists, Ethos knows this extremely precise and enormously volatile industry segment inside and out. We also know that volatility can easily translate to vulnerability. We keep a close eye on the changing market landscape and anticipate all the ways those fluctuations might affect retailers – positively and, perhaps more critically, negatively. Because nobody wins when steps get skipped.

GUARDING WHAT'S PRECIOUS.

Medical mistakes are tragic, and their catastrophic repercussions almost always creep outward. Ethos works to guard you against these errors' ripple effects by making sure your insureds are properly covered. Matching your insureds *and you* with appropriate policies does more than cover your respective liabilities; it also protects the professional relationships you've worked so hard to build.

HELPING YOU SLEEP WELL AT NIGHT.

Errors and omissions are not just bad for business; they're bad for your stress level. There's a peace of mind that comes from knowing that you, like your clients, are protected. So relax. We've got you covered. Call us at 425.216.2920 or visit www.ethosinsurance.com.
