

GET TO KNOW ETHOS

A BUSINESS BUILT ON CHARACTER

Securing Better Quotes

STRENGTHENING TIES.

As a specialty wholesaler, Ethos Insurance Partners is the critical link between retailers seeking healthcare professional liability insurance and carriers offering applicable lines of coverage. Professional lines for the healthcare industry is all we do, so we've developed enduring relationships with the underwriters who, like us, focus exclusively on that segment. Over the years, we've proven ourselves to be reliable and valuable business partners. These folks prefer to work with us, and the feeling is definitely mutual. As a result, we get direct access to the best the industry has to offer, which means you and your insureds do too.

MIRRORING VALUES.

We build relationships with underwriters who specialize in healthcare and who share our commitment to professional integrity. That way, we know we're operating within a framework of quality and transparency. This helps us cut through the clutter and zero in on what really matters: the best quotes for the specific solutions you and your insureds need.

PASSING DOWN THE BENEFITS.

Maintaining positive connections with insurance companies does more than lengthen our holiday greeting card recipient list. It also translates to tangible advantages for our retail clients. Underwriters take our requests seriously, so they tend to respond more quickly and thoroughly to our submissions. And our strong relationships mean we're among the first to know when carriers make changes to policies, rates and appetites. So you can be confident we'll show you the most current terms, conditions and prices. In other words, it pays to conduct business the right way. True for carriers, true for retailers, true for us.

EXPANDING OUR CIRCLE OF FRIENDS.

We invite you and your insureds to make the most of our good reputation. Call us at 425.216.2920 or visit www.ethosinsurance.com.
